The county commissioners held a three day session last week, and among other things allowed were sheep claims amounting to \$115 inclusive of witness fees. This of course is paid out of the taxes on dogs.

The Carrollton business men's association is arranging for a big time here on the 4th of July, when the eagle will scream and fire crackers make a noise.

How long will it take the newspapers to tell that Billy Patterson of Salem saved the life of Lynn Davis of Washingtonville and was awarded a hero medal by Andrew Carnegie? There is no trouble about this. The Scotchman gave \$1,000 worth of advertising for his medals.

Carrollton is now entitled to free delivery of its mails whenever the city fathers do their part. However, most people prefer to go to the P. O. for their own mail, especially if it is for anything but a newspaper.

George Williams of Washingtonville is working in the old pottery of this place, and was given a dog as a present a few weeks ago, and of course this means that the dog isn't worth anything. But said dog played havoc in a few days of one Charles Brooks; Brooks protested very vigorously a few times, and finally took the law into his own hands by beating the brains out of the dog with a big hammer. So the humane society took notice of this and there was a hearing in court on Wednesday.

About all the churches in town and country are preparing for Children's day. And why not? The almanac makers have made every day in the year a saint's day, and having more saints than days in the year they set apart one day as All Saints day. The law has set apart a Labor day, a Flag day, a Decoration day, et al. and astronomy has fixed several dog days. Then why not have a Mothers day, a Fathers day and a Children's day? Most mothers have a wash day, and all children enjoy play days until old enough to "hook" apples and water melons.

The grangers of Carroll county have taken it in hand to consolidate the probate and the common pleas courts of the county, and petitions are being circulated to have an election this fall for that purpose. Elections of this kind are provided for in the state constitution, if the electors so desire. The population of this county is only 16,000 and owing to the small amount of court business in the county it is thought to be more economical upon the taxpayers to have the courts consolidated, and have one judge do all the business.

The Male Moose and the G. O. P. delegates from this county have returned from the Chicago fiasco feeling sad. They are agreed that it was a sell-out on both sides, and that the ticket was made up prior to the convention, Burton receiving the 48 votes of Ohio, and Hughes getting more or less votes from all the other states.

The sprinx was a hand picked and cut-and-dried specimen to defeat the fire cracker from Oyster Bay.

Let my Italian friends read this: Nuove conquiste per le nostre valenze e nuove conquiste per le nostre valenze.

And my German friends read this: Was die Briten auch immer ueber die Seeschlacht in der Nordsee sagen moegen, man muss ihnen das Recht zugestehen, sich selbst zu betruenen. Es wird ihnen Niemand den Trost misgönnen, den sie darin finden, den Schaden, den die deutschen Flotte erlitten, zu kompensieren, und den eigenen durch zwei zu dividieren. Das beweist nichts weiter als eine moralische Schwäche, die man früher nur bei den Franzosen zu bewundern Gelegenheit hatte. Die siegen bekanntlich stets, und werden immer mehr geliebt, wenn auch Verdun gegenwärtig in den Händen der Franzosen liegt.
